*This concerns the Port Mackenzie Rail Extension and my right to farm. The current proposed routes, West corridor and East corridor, each cross one of my farms. Established in 1982, Baskin Farms has been a productive and economical force in the Matanuska Valley. Either of these routes will end our business. A previous \*\*\* 115-ryed route has not been considered but in reality, wott.\*/ /\*/ is the least amount of problems to any one single farmer, as it borders farms and does NOT cut across a few individual farms. The proposed EAST route would be just fine if it abutted to the adjacent road but it cuts diagonally across my farm. This is unacceptable. I have a right to farm.*
